## BENCHTOPS

**Resistant to scratching.**  
The tough melamine resin surface provides the decor with the best possible protection against scratching.

**Resistant to steam.**  
Steam from domestic appliances or boiling water have no effect.

**Resistant to chemicals.**  
Household chemicals or detergents will not affect Duropal worktops.

**Resistant to ink stains.**  
Ink or shoe polish can be wiped away after many hours without leaving any stains.

**Resistant to hot pans.**  
Duropal is very resistant to high temperatures (eg. vegetables in boiling water), but for frying pans, cast iron cooking ware or casseroles straight from the oven, use a protective pad.

**Resistant to wear.**  
The extremely hard-wearing properties of Duropal worktops ensure that utensils will not damage the surface.

**Resistant to red wine stains.**  
Red wine, fortified wine, spirits or red cabbage stains are easy to wipe off, even the next day.

**Resistant to high impact.**  
High impact resistant Duropal worktops will withstand object such as tins of food falling from cupboards onto the surface.

**Resistant to fruit juice.**  
Citrus fruit, milk and vinegar stains are easy to remove from the surface.

**Resistant to cigarette burns.**  
No cracks, blisters or burns occur if a cigarette is left burning on the surface - the marks on the surface can simply be wiped away.

**Resistant to coffee stains.**  
Hot coffee or tea simply wipe off, even after several hours.

LAMINATE BENCHTOPS  
3mm radius profile

QUADRA  
BENCHTOPS

QUADRA BENCHTOPS are manufactured with genuine high pressure laminate (HPL) to the highest quality standards incorporating state of the art German technology.

Tried and tested in Europe in all possible kinds of wear, QUADRA BENCHTOPS offer a beautiful collection of surfaces extremely resistant to stains, burns, ultraviolet light, high impact, heat and steam.

A fashionable **3mm radius profile** provides a modern solid square look and the unique seal -DRIP GROOVE keeps water spills away from drawers and cupboard doors. The sealed back also ensures a lifetime of protection against moisture, specially when used in hazard areas such as dishwashers and laundry appliances.

QUADRA BENCHTOPS have been designed to perform their best in everyday kitchen conditions whilst bringing a contemporary collection of decors to suit your space.
